

The Lutheran World Federation Department for World Service Le Grand-Saconnex

Independent auditor's report
to the Federation Board
on the financial information 2023

Independent auditor's report

to the federation Board of The Lutheran World Federation Department for World Service

Le Grand-Saconnex

Opinion

On your instructions, we have audited the financial information of The Lutheran World Federation Department for World Service, which comprise the balance sheet as at 31 December 2023 and the income statement, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial information, including a summary of significant accounting policies.

In our opinion, the accompanying financial information of The Lutheran World Federation Department for World Service for the year ended 2023 are prepared, in all material respects, in accordance with the accounting policies described in note 1.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and Swiss Auditing Standards. Our responsibilities under those provisions and standards are further described in the "Auditor's responsibilities for the audit of the financial information" section of our report.

We are independent of the entity in accordance with the requirements of the Swiss audit profession and the International Code of Ethics for Professional Accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Basis of accounting and restriction on distribution and use

We draw attention to note 1 to the financial information, which describes the basis of accounting. The financial information are prepared in relation to the internal organization of the Lutheran World Federation's Communion office. As a result, the financial information may not be suitable for another purpose.

Our report is intended solely for The Lutheran World Federation Department for World Service for use in connection with the purpose as described in the preceding paragraph. Our report should not be distributed to or used by parties other than The Lutheran World Federation Department for World Service or used for any other purpose. We do not, in giving our opinion, accept or assume responsibility or liability for any other purpose or to any other parties to whom our report is shown or into whose hands it may come.

Our opinion is not modified in respect of this matter.

Emphasis of matter

We draw attention to note 3.6, Financial risk management, b) Credit risk, to the financial statements, which indicates that The Lutheran World Federation has an account receivable of Euros 69'106'859 before allowance for doubtful accounts as of December 31, 2023. An inability to collect this receivable on agreed due dates would hinder "The Lutheran World Federation's" ability to discharge its liabilities and fulfil its obligations as they fall due.

Our opinion is not modified in respect of this matter.

PricewaterhouseCoopers SA, avenue Giuseppe-Motta 50, case postale, CH-1211 Genève 2, Switzerland

Responsibilities of Management and the Federation's Board for the financial information

Management is responsible for the preparation of the financial information in accordance with the basis of preparation described in note 1, for determining that the basis of preparation is acceptable in the circumstances, and for such internal control as Management determines is necessary to enable the preparation of a financial information that is free from material misstatement, whether due to fraud or error.

In preparing the financial information, Management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The Federation's Board is responsible for overseeing the entity's financial information reporting process.

Auditor's responsibilities for the audit of the financial information

Our objectives are to obtain reasonable assurance about whether the financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and Swiss Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial information.

As part of an audit in accordance with ISAs and Swiss Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with the Federation's Board or its relevant committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

NOTE 1 - ACTIVITIES

The Lutheran World Federation (LWF) is a global communion of Christian churches in the Lutheran tradition, founded in 1947. World Service (WS) is the internationally recognized humanitarian and development agency of the LWF. The LWF Communion Office is located in the Ecumenical Centre in Geneva and DWS operates in three regional hubs, 4 emergency programs and 14 country programs.

The LWF is a non-profit association incorporated and registered under Article 60 of the Swiss Civil Code.

The DWS's purpose is to work with marginalized and disadvantaged communities in areas of greatest vulnerability and endemic need, responding to emergencies and strengthening local capacities for disaster preparedness, advocacy and sustainable development, irrespective of race, religion, sex, nationality or political conviction.

The Assembly, composed of representatives of the member churches of the LWF, is the principal authority of the LWF. The Assembly is normally held every seven years and is responsible for the Constitution, electing the President and the members of the Council, and giving general direction to the work of the Federation.

The Council is composed of the President, the Chairperson of the Finance Committee, and 48 persons elected by the Assembly. The term of office of the Council shall end at the close of the next ordinary Assembly. The Council is responsible for the business of the LWF in the interim between ordinary Assemblies. The Council elects the Secretary General and the Treasurer. The Council elects the Vice-Presidents, decides on the budgets of the LWF, and receives the audited accounts and approves them. The Council also elects from among its members an Executive Committee and Program Committees as required and appoints their chairpersons.

The Council has appointed a Committee for World Service which is directly responsible for World Service governance oversight. The committee reports to the Council.

The financial statements of the WS for the year ended 31 December 2023 are consolidated to include the department as part of the Geneva Communion and the field offices. Former WS programs are not included in the consolidation as each of these has its own legal status separate from that of the LWF and the LWF exercises no control over them. These statements should be read in conjunction with the LWF Group financial statements.

The consolidated financial statements were examined and endorsed for issue by the General Secretary and the Communion Office Leadership Team (COLT) on May 15, 2024.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

The consolidated financial statements have been prepared in accordance with and comply with the financial regulations and the accounting principles of the LWF.

2.2 Basis of preparation

The consolidated financial statements are presented in Euro.

The consolidated financial statements have been prepared under the historical cost convention.

Preparation of the consolidated financial statements requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates and the original estimates and assumptions will be modified as appropriate in the year in which the circumstances change.

2.3 Basis of consolidation

The financial statements of the WS are consolidated to include the department located in the Geneva communion office and the field offices. Significant intercompany balances between the Geneva communion office and the field offices have been eliminated in consolidation.

a) Field Programs

The consolidation of the field programs' financial statements with the Geneva operations is based on financial reports, which are subject to individual examination in the countries concerned by independent auditors. The audit in Geneva in respect of these balances is carried out on a test basis upon the documentation and analysis of figures shown in the field office reports, which do not include the underlying substantiating documentation.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

b) Former World Service Programs

Former field offices of WS are registered as legal entities under local country statutory regulations and are not legally controlled by the LWF have not been consolidated.

2.4 Restricted/unrestricted funds

The financial statements distinguish between Restricted and Unrestricted use funds. Restricted use funds are those funds received from third parties who have imposed restrictions on the purposes for which they may be used. Unrestricted use funds are those funds where there are no externally imposed restrictions and include assets freely available or appropriated to reserves for internally designated purposes.

2.5 Foreign currency transactions

The presentation and functional currency of the LWF is the Euro. The books of account are maintained in Euro. Assets and liabilities, excluding fixed assets, denominated in currencies other than Euro have been translated at the December 31, 2023 rate of exchange per the European Commission "InforEuro" website using EURO cross-rates.

Income and expenditure has been translated into Euro, monthly using the previous month end exchange rate per the European Commission "InforEuro" website using EURO cross-rates.

Exchange gains/losses resulting from the application of the accounting principles outlined above are credited/charged to the Statement of Income and Expenditure.

2.6 Revenue and expenditure recognition

a) Operating Income

Restricted use funds are normally received as a result of a specific solicitation or with donor imposed restrictions and are recognized as income over the duration of the program/project in proportion to the achievement of the conditions attached to the contributions. Income for the year is therefore equal to expenditure. Contributions received but not yet recognized are included in Current Liabilities. Contributions not yet received relating to expenditure already recognized are included in Current Assets.

In some instances, in-kind contributions are recognized in the financial statements and an equal amount of expenditure is recorded. In 2023 and 2022 respectively, the amount included in revenue and expenditure related to in-kind contributions is €511,436 and €1,259,868. In-kind contributions are recorded at the value noted in the accompanying shipping documents upon receipt.

b) Investment Income

Investment income is recognized on an accrual basis. The investment income together with foreign exchange gains and losses and gains and losses on investments is allocated between the various LWF departments according to the opening balance of reserves and net project/other grant balances.

c) Non Project Income

Non project income and expenditure are those income and expenses which relate to the change in the reserve funds of the field office. Non project income may consist of, inter alia, the sale of assets, hire of LWF owned vehicles to the project and asset valuation income. Non project expenditure is usually the cost of repairs of LWF owned vehicles, purchase of vehicles from the non project income that has built up and depreciation of LWF owned assets.

d) Non Implementation Projects

Compound management and administration income generated by donor's implemented projects.

e) Extraordinary income and expenditure

In 2023, DWS Management decided to invest on systems and practices for quality programming in line with the 2019-2024 strategy. In particular, investments were made on PMER enhancement, Resource Mobilization, Procurement/Logistics Capacity and Safety & Security.

The Angola Country Programme has ceased its activities and operations on December 31, 2023, date of official closing of the Country Programme.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

2.7 Inventories

Inventories purchased from Restricted use funds are expensed in the year of purchase. Rights over inventories would not generate future economic benefit to the LWF due to the short term nature of program contracts and the terms of contracts where rights over residual program assets are vested with the grantors.

The only material inventories purchased from Unrestricted use funds are held at the WS program in Jerusalem. These inventories consist of medical supplies for the Augusta Victoria Hospital (AVH) that the program runs. They are accounted for at cost which does not exceed market value and recognized by the first-in, first-out method.

2.8 Fixed assets

Fixed assets purchased from Restricted use funds are expensed in the year of purchase. It is considered improbable that such expenditures will generate future economic benefit to the LWF due to the short term nature of program contracts and the terms of contracts where rights over residual program assets are vested with the grantors.

Fixed assets comprising buildings and land improvements, vehicles and office equipment purchased from Unrestricted use funds are capitalized and amortized as detailed in 2.9. Assets of a capital nature with a cost lower than € 5,000 are not capitalized.

When the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the Income and Expenditure Statement.

Repairs and maintenance costs are charged in the Income and Expenditure Statement during the financial period in which they are incurred.

Subsequent expenditure is capitalized only when it increases the probable future economic benefits of the asset.

The following net fixed assets are included in the balance sheet in the line 'Total Assets less Liabilities excluding program/project balances'.

Description	Cost	Depreciation	Net Value
Buildings	8,295,791	(3,762,573)	4,533,218
Vehicles	2,817,946	(2,612,433)	205,512
Office Equipment	1,308,581	(1,205,370)	103,211
Other Equipment	3,058,816	(2,324,119)	734,696
	15,481,134	-9,904,496	5,576,638

2.9 Fixed assets - depreciation

Based on the past experience of the useful life expectancy, the rate of depreciation is set by each individual country program not to exceed the following rate per year by category:

Building	4%
Plant and equipment	7%
Vehicles	20%
Office furniture and equipment	20%
Computers	25%

Depreciation for a full year commences in the year of purchase.

2.10 Impairment

The carrying amount of the LWF's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment or, if earlier, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of the asset's net selling price or its value in use. Impairment losses are recognized in the Income and Expenditure Statement.

An impairment loss is reversed if there is an upward revision of the recoverable amount. An impairment loss is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization, if no impairment loss had been recognized.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

2.11 Current accounts - former World Service programs

The former World Service programs in Bangladesh, Cambodia, India, Indonesia, Malawi, Peru, South Africa, Tanzania, Zimbabwe and Swaziland are not consolidated with the LWF/WS Geneva books. The year-end payable to these programs appear in the balance sheet under "Current accounts - former associate/field programs" for a net of € 254,860 as detailed below;

Payable to WS former country programs	23,053
WS field offices reconciling items	231,807
	<hr/>
	254,860

2.12 Provisions

a) National staff

An amount of € 11,141,228 is restricted for field programs' local staff provisions which can only be used as specified.

b) International staff

An amount of € 473,358 is aimed to cover specific benefits and risks which relate to the status of expatriate staff. These benefits (assignment, leave, termination) are recognized proportionately as accrued over the employment period of personnel. They exist to meet any termination and settling out expenses under present contractual LWF working conditions for expatriate field based staff.

2.13 Reserves

Unrestricted reserves are earmarked as detailed below:

a) General reserve

This reserve represents an unrestricted amount and is used to account for all resources over which the department has discretionary control. It can be used to cover ongoing commitments in case of emergencies.

b) Field designated funds

These various funds are available exclusively for use in each field program according to the definition of the fund.

c) Other reserves

The Resettlement Administration Reserve is funds where there is no externally imposed restrictions and include assets freely available to WS for internally designated purposes.

d) Institutional Capacity Development Reserve

The institutional Capacity Development Reserve is a fund which is aimed to increase the capacity of Resource Mobilization.

2.14 Employee benefit costs

a) Retirement benefit obligations

The LWF has mandated the Insurance company Stiftung Abendrot to operate the pension fund related to all headquarter staff. International staff employed in Geneva but located in the Country Programmes receive social benefits in accordance with the HR policy and staff contracts. Staff employed locally by the LWF receive social benefits in accordance with the legislation of the countries concerned and the local collective staff agreements. The cost of such benefits is recognized on an accruals basis in these consolidated financial statements.

b) Termination benefits

Termination benefits are payable whenever an employee's employment is terminated before the normal retirement date or contract completion date. Termination benefits are recognized on the basis of a formal committed plan to terminate the employment of current employees as per 2.12.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

2.15 Leases

A lease is an agreement whereby the lessor conveys to the lessee in return for a payment or series of payments the right to use an asset for an agreed period of time. An operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership.

DWS Country Programs are renting buildings and vehicles locally. All rental agreements have an initial duration of 12 months or less and might be reconducted each year for another term of maximum 12 months.

Based on historical practices and considering that most of the projects implemented in the Country Programs have a maximum duration of 12 months, the most likely probable duration of these rental agreements cannot exceed 12 months. Consequently, the lease payments associated with these short-term leases are recognised as an expense on a straight-line basis over the lease term.

The potential future lease payments for the year 2024 (12 months fixed rental costs) have been estimated by category, as follow:

Building	2,278,449 euro
Vehicles	124,833 euro

NOTE 3 - DETAILS RELATING TO THE FINANCIAL STATEMENTS

This section provides a breakdown of the main items on the Balance Sheet, the Income and Expenditure Statement, the Cash Flow Statement and the Statement of Changes in Reserves.

3.1 Details of total assets less liabilities

	2023	2022	2023	2022
	Unrestricted		Restricted	
Cash and bank	19,614,694	19,733,787	-	-
DWS share in LWF assets	7,727,572	8,022,674	2,149,000	6,094,178
Prepayments	485,637	668,559	-	-

Net fixed assets	5,576,638	6,169,242	-	-
Accounts payable	(55,999)	(27,606)	(17,751,203)	(21,358,146)
Accrued expenses	-	-	(2,423,115)	(1,970,091)
Line of credit	(512,733)	(21,861)	-	-
Total assets less liabilities	73,898,057	81,030,120	13,614,442	20,787,702

* Refer to Appendix 2 for the balances of Country Programs as at 31 December 2023.

Note: Line "DWS share in LWF assets" represents the share of the DWS Department in the LWF Geneva pooled bank accounts, the LWF Geneva petty cash and the investment portfolio managed in the headquarter.

3.2 Details of the program/projects balances

Receivable - current assets

	2023	2022
WS Field Offices - project balances	10,051,081	9,333,576
WS Field Offices - deferred expenditure	3,590,709	3,671,998
WS Geneva - B project balances	406,063	260,723
	14,047,853	13,266,297

The above deferred expenditure partly represents € 2,239,410 related to Jerusalem, € 546,199 Chad project overspent, € 338,293 Central Africa Republic, € 247,998 Cameroon related to Program Operations overspent and € 75,764 Kenya compound management. The country programs will write off this expenditure over periods longer than one year.

The balance represents the monetary value of outstanding leave days as at December 31. Eligible days were determined in accordance with the national and international staff regulations and this provision is expected to reverse in 2024 when staff take days off.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

3.3 Augusta Victoria Hospital (AVH)

Cumulative expenditures in excess of project funding received for the repositioning exercise of the Augusta Victoria Hospital (AVH), Jerusalem, are € 1.88 million through the end of 2023 (€2.00 million at the end of 2022). These excess expenditures are included in "Programs/project balances receivable" in the balance sheet of World Service as at December 31, 2023.

Annual net income from the Augusta Victoria Hospital property rental in excess of € 124,000 is projected each year. These funds will be set against the accumulated excess of expenditure over funding.

3.4 Contingent Liabilities

a) Medical Malpractice claims - Jerusalem Program:

The Hospital purchases professional and general liability insurance to cover medical malpractice claims. In 2023, the limit of coverage amounted to \$ 2,500,000 equivalent to € 2,249,415 for every claim.

According to the estimates by the insurers concerning these claims, the maximum liability of the Hospital in the medical malpractice claims outstanding at December 31, 2023, in the form of the excess (deductible) amounts the Hospital is required to settle in accordance with the terms of the insurance policies was € 580,124.

b) Unpaid Terminal Benefits - South Sudan Program:

As at 31st December 2023, the program had one pending lawsuits totalling to € 130,262. The case was brought against the Organization by its former staff who was claiming unpaid payments after work benefits.

The amount is based on the claim by the plaintiff and judgment in respect to this case has not been determined as at 31 December 2023. The management believe that the claim will not be successful and consequently no provision have been made in this financial statements in relation to this outstanding lawsuit.

3.5 Taxes

The LWF is exempt from Federal and Cantonal income taxes.

3.6 Financial risk management

The LWF is exposed to a variety of financial risks namely: market; credit risk; liquidity risk and interest rate risk. The LWF seeks to actively minimize potential adverse effects arising from this exposure as detailed below.

a) Market risk

Foreign currency risk arises primarily from contributions that are denominated in a currency other than Euro. The main currencies giving rise to this risk are the US dollars and Swedish Kroner. The LWF ensures that net exposure is kept to an acceptable level, by selling foreign currencies at spot rates where necessary to address short-term needs.

b) Credit risk

The major risk in 2023 was in LWF Jerusalem with € 74,614,469 of amounts receivable, the most significant being from the Palestinian Authority (PA) (€ 69,106,858) in relation to provision of medical services and treatment to Palestinians through the Augusta Victoria Hospital (AVH).

To prevent the financial loss, the Lutheran World Federation (LWF) and the AVH, together with the LWF member churches and related agencies have continued the lobby and advocacy work to counter delays of payments from the Palestinian Authority, Ministry of health.

c) Liquidity risk

Liquidity risk is minimized by maintaining sufficient funds as cash on hand, on-demand deposits or short-term deposits with maturities of three months or less to meet short-term liabilities. In addition, investments are all in liquid securities which can easily be sold to meet longer term cash flow needs.

d) Interest rate risk

There is no significant short-term exposure to changes in interest rates as cash and cash equivalents are held as cash on hand, on-demand deposits, or in short-term deposits with maturities of three months or less.

3.7 Related parties

a) Identity of related parties

The field programs that are former World Service programs are considered to be related parties with LWF-DWS. They are RDRS Bangladesh, LWD Cambodia, LWS India Trust, Indonesia, ELDS Malawi, Diaconia Peru, ELCSA South Africa, TCRS Tanzania, LDS Zimbabwe and Swaziland.

**THE LUTHERAN WORLD FEDERATION
DEPARTMENT FOR WORLD SERVICE
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2023**

b, Transactions with related parties

During the year the LWF received € 0 on behalf of the former World Service programs for projects. The LWF paid € 1,380 expenses for the former World Service programs and transferred € 0 to the programs during 2023. At 31 December 2023, the LWF had outstanding payables to former World Service programs of € 23,053.

Other than compensation arising in the ordinary course of business, there were no transactions with key management personnel or Council Members. No persons related or connected by business to them, have received any remuneration or other compensation from the LWF during the year.

3.8 Capital commitments

There were no capital commitments as at 31st December 2023.
